“G’Day”

We hope everyone had a wonderful Christmas holiday. SAC had a very exciting year in 2011, but we believe 2012 is going to be even better! January is bringing some very cold weather and possible snow. Here are few simple rules to help counter the cold:

- If you're going outside in the cold, stay safe — and warm.
- If you are going outside, have a snack before going out. The calories will give your body energy to help fight the cold weather.
- Dress warmly in layers of clothes. If the top layer gets wet from snow or freezing rain, you can peel off some clothes down to a dry layer.
- Kids are at greater risk for frostnip and frostbite than adults, and the best way to prevent it is to make sure they're dressed warmly and don't spend too much time in extreme weather.
- Please be prepared for all circumstances...
